Aita al-Shaab

EARLIER | 4 January 2026

LATER | 9 May 2026

Damage is already visible in January; compare the remaining buildings with the May view.

Source: Arabic Post, 8 June 2026. Dates read from the image labels. Satellite provider is not named on these published image files.

Kfar Kila

EARLIER | 4 January 2026

LATER | 9 May 2026

The views include Kfar Kila and the border area. January already shows extensive earlier damage.

Source: Arabic Post, 8 June 2026. Dates read from the image labels. Satellite provider is not named on these published image files.

Meiss El Jabal

EARLIER | 4 January 2026

LATER | 9 May 2026

Compare the town centre and roads in both views; pale cleared areas extend through the later image.

Source: Arabic Post, 8 June 2026. Dates read from the image labels. Satellite provider is not named on these published image files.

Aitaroun

EARLIER | 4 January 2026

LATER | 9 May 2026

The same town and surrounding fields are shown in both dates.

Source: Arabic Post, 8 June 2026. Dates read from the image labels. Satellite provider is not named on these published image files.

Naqoura

EARLIER | 4 January 2026

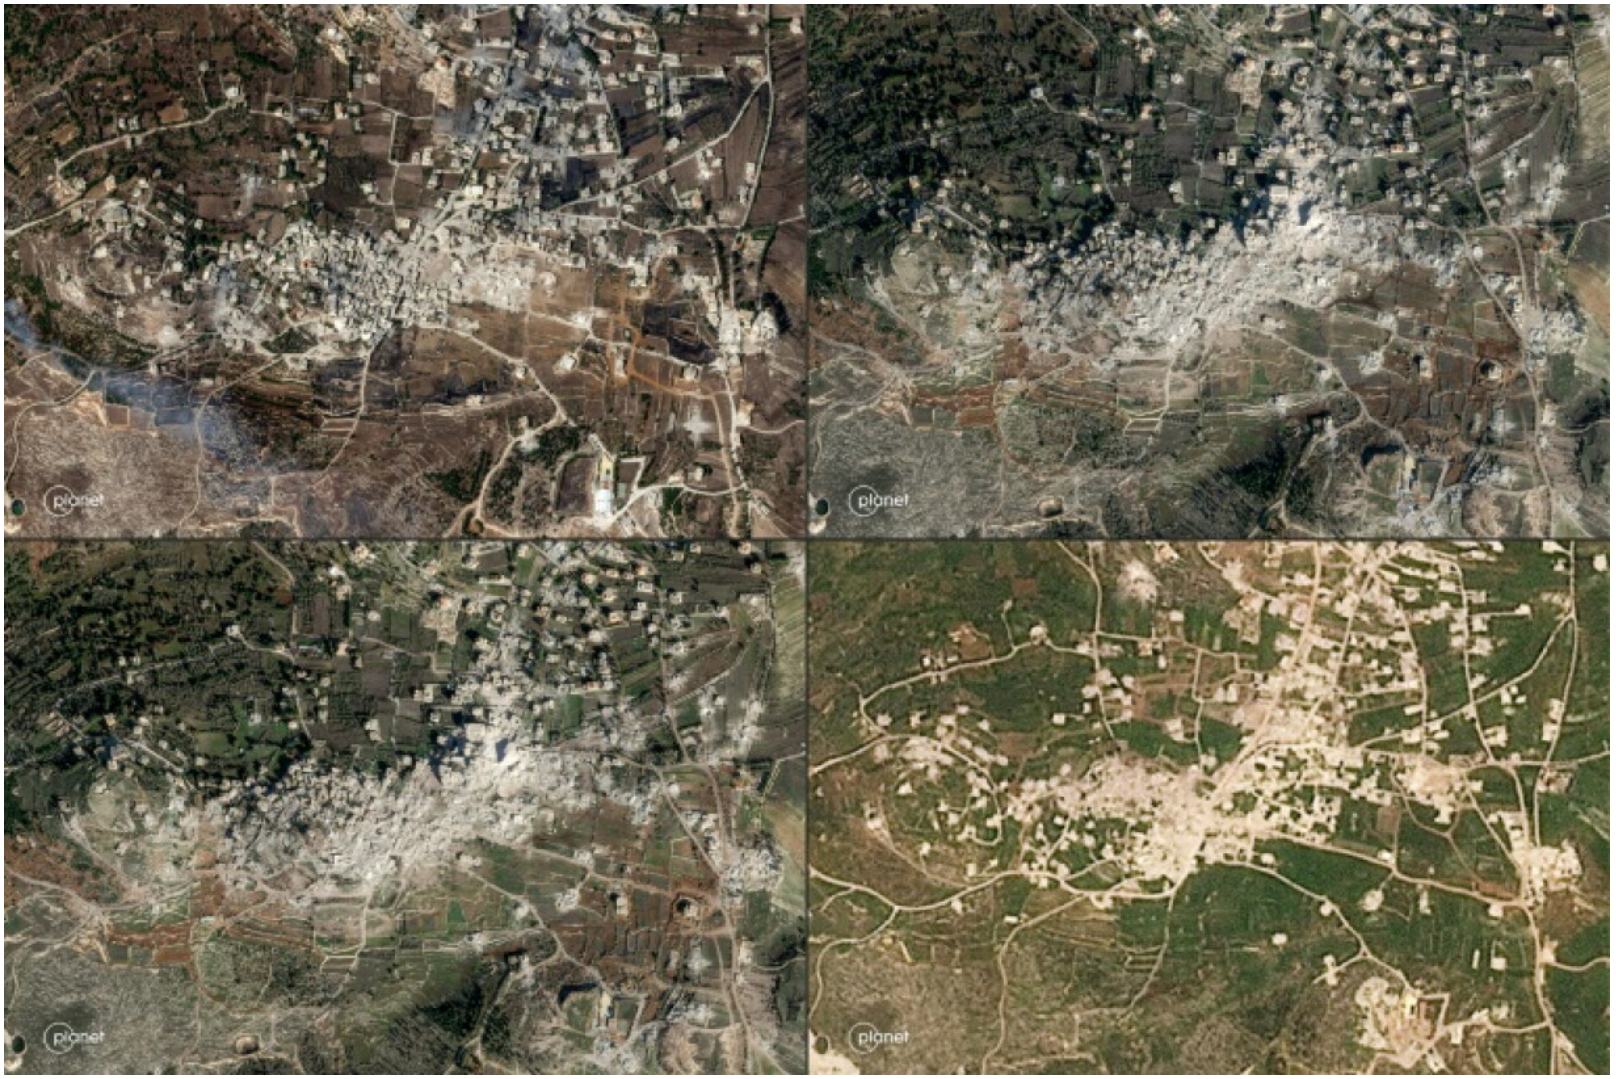

LATER | 9 May 2026

The coast helps orient the comparison. Seasonal colour differences alone are not evidence of damage.

Source: Arabic Post, 8 June 2026. Dates read from the image labels. Satellite provider is not named on these published image files.

Yaroun: four dates

Top left: 5 October 2024. **Top right:** 10 January 2025. **Bottom left:** 30 January 2025. **Bottom right:** 2 May 2026.

Source: Planet Labs PBC / AFP, published by RTL Today, 22 May 2026. Dates and panel order follow the publisher's caption. Different resolutions and seasons affect appearance.

Odaisseh / Odeisseh

EARLIER | 29 September 2024

LATER | 24 October 2024

Local detail around the Baalbaki family home. Original analyst annotations are retained.

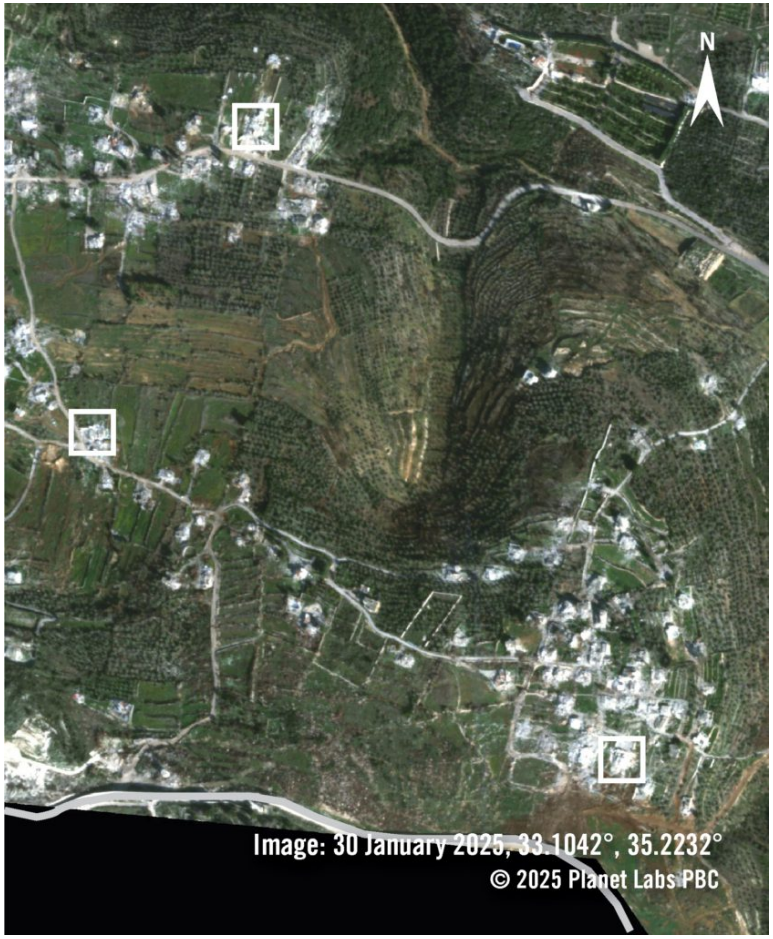

Source: Amnesty International, 26 August 2025. Imagery: Planet Labs PBC.

Dhayra

EARLIER | 4 October 2024

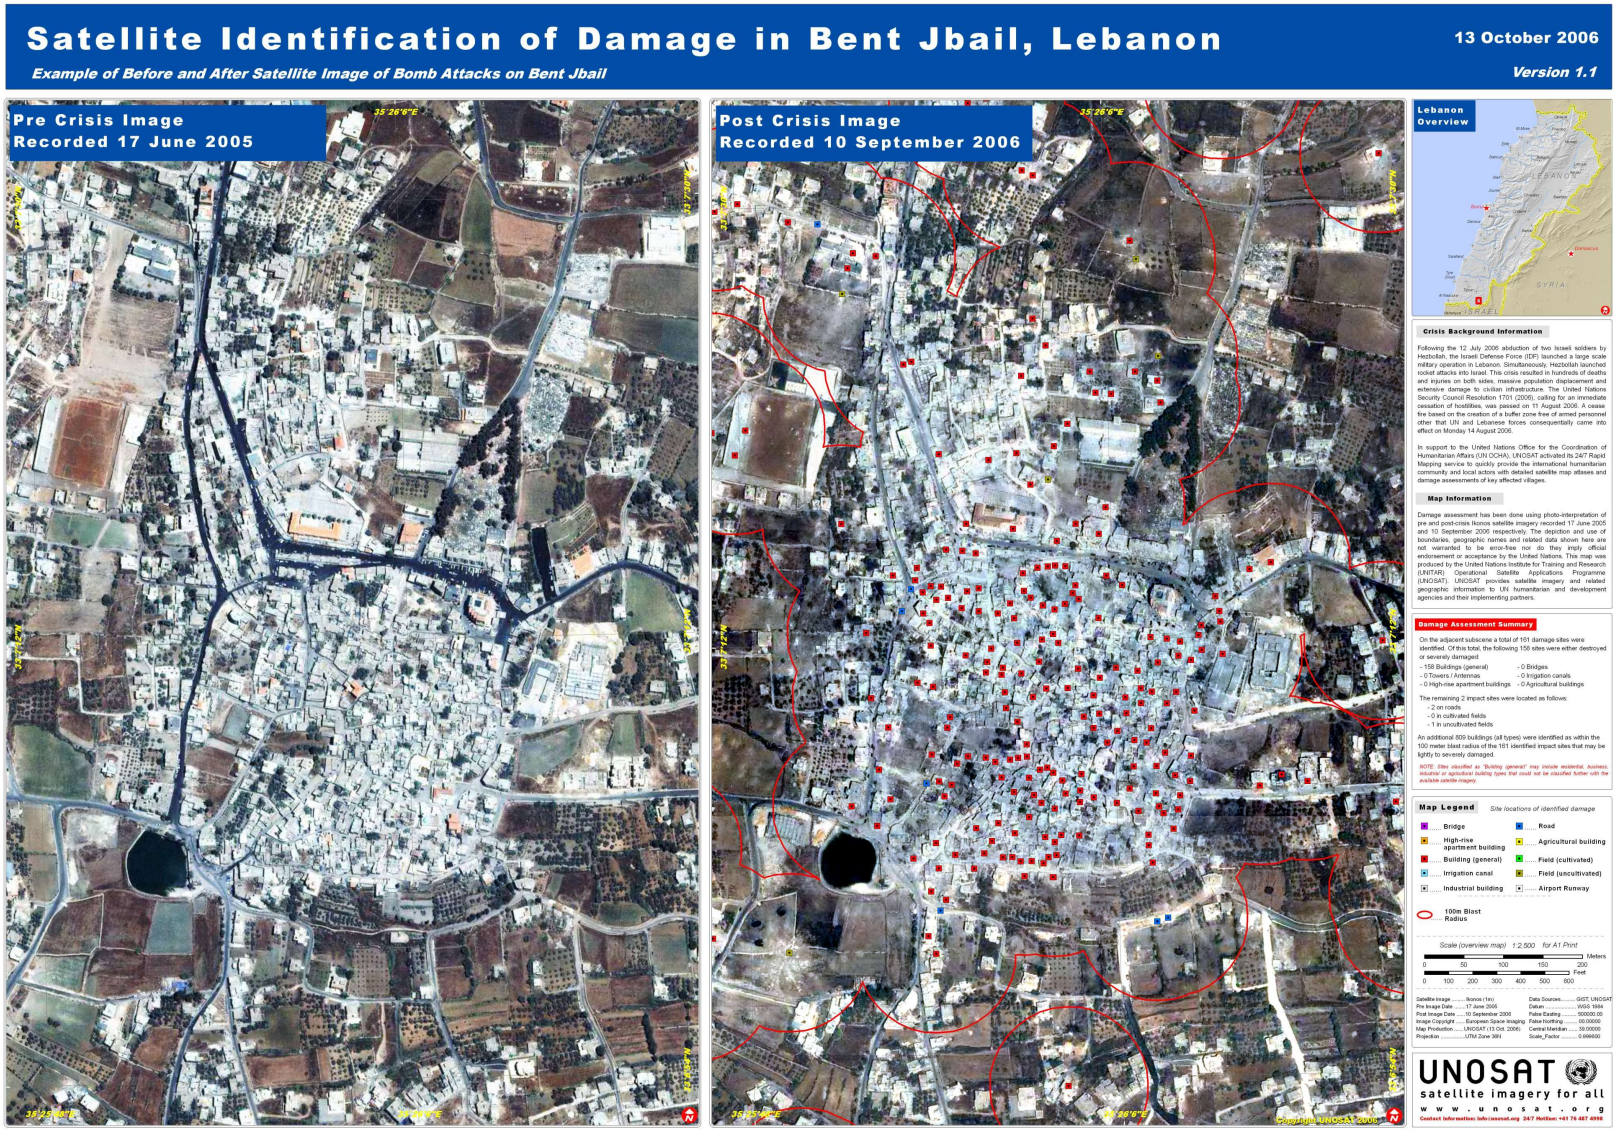

LATER | 30 January 2025

The publisher marks three mosque locations. This pair spans the 2024 war and the following ceasefire period.
